MSME RISE 2026

About the Theme - उत्कर्ष - From Enterprise to IPO

India's MSME sector is at the heart of the nation's economic growth, driving innovation, employment, entrepreneurship and regional development. Yet, the journey from a promising enterprise to a professionally managed, investment-ready and publicly listed company requires more than growth—it demands vision, structured financial management, strong governance, strategic planning and access to capital.

“**उत्कर्ष – From Enterprise to IPO**” captures this transformational journey of an MSME—from building a sustainable enterprise to creating a business capable of unlocking institutional and public capital.”

IPO

Building the Enterprise – Strengthening business fundamentals, governance, finance and strategy.

Scaling the Business – Expanding markets, improving productivity, technology adoption and operational excellence.

Creating Value – Building profitability, sustainability, brand value and long-term stakeholder value.

Unlocking Capital – Becoming investment-ready and accessing appropriate sources of growth capital.

From Enterprise to IPO – Moving towards institutionalisation, stronger governance, compliance and ultimately the public capital markets.

The theme brings together the critical milestones of this journey: strengthening financial foundations, improving operational efficiency, embracing technology, building governance frameworks, creating measurable value, enhancing investor readiness and navigating the pathway towards IPO and beyond.

The CMA MSME RISE platform aims to create meaningful dialogue among entrepreneurs, CMAs, professionals, financial institutions, investors and ecosystem stakeholders on how businesses can scale with purpose, create enduring value and unlock new avenues of capital.

उत्कर्ष is not merely about growth - it is about transformation.

From Enterprise → Scale-Up → Value Creation → Investor Readiness → IPO → Sustainable Growth.

CMA MSME RISE seeks to empower MSMEs to take this journey with greater clarity, confidence and professional excellence—transforming today's enterprises into tomorrow's growth stories.
